

## Chapter 4 Practice Set by Munawar

### Questions

1. Create an HTML page with video embedded inside it.

#### Solution

```
<video src="video.mp4" controls autoplay loop width="350px"></video>
```

2. Replace this video in question 1 with a YouTube video.

#### Solution

```
<iframe src="video.mp4" frameborder="0"></iframe>
```

3. Create an HTML form for a travel website to book a vacation.

#### Solution

Try yourself.

4. Create a table displaying score of cricket players in a match using HTML.

#### Solution

```
<table>
  <tr>
    <th>Pakistan</th>
    <th>India</th>
  </tr>
  <tr>
    <td>Win</td>
    <td>Loss</td>
  </tr>
</table>
```
